

ARTICLE XXIX. Design Guidelines

§ 205-177. Purpose.

This section establishes design guidelines that apply to major development within the City of Papillion's jurisdiction, including multi-family residential, civic, commercial, and industrial uses. These guidelines are designed to ensure that larger-scale or more intensive development within the city maintains good design quality and provides quality places for residents of Papillion. They are also designed to provide an overall level of unity and concordance of development in the city, while maintaining the flexibility to encourage quality design solutions.
