MAYOR AND CITY COUNCIL REPORT
MARCH 19, 2019 AGENDA**

Subject:	Type:	Submitted By:
Approval of ORD #1831 to amend Chapter 205 (Zoning Ordinance), Article XXII having to do with MU Mixed Use District. The applicant is the City of Papillion. (Mixed Use District Ordinance Amendment).	Ordinance #1831 (3 rd Reading)	Mark A. Stursma, AICP Planning Director

SYNOPSIS

This is a request to amend Chapter 205 (Zoning Ordinance), Article XXII having to do with MU Mixed Use District. The intent of the ordinance amendment is to clarify the procedures for the creation of a Mixed Use District, the adoption of a Mixed Use Development Agreement, and the amendment of an existing Mixed Use Development Agreement.

The proposed ordinance amendment refines the procedures for the creation of a Mixed Use District and the adoption of a corresponding Mixed Use Development Agreement based on the two most common methods currently utilized in Papillion. Those two methods are:

- A. Adoption of a Mixed Use Development Agreement in conjunction with adoption of the third reading of a Change of Zone ordinance.
- B. Adoption of a Mixed Use Development Agreement at a later date such that the Mixed Use Development Agreement will not be considered with the third reading of a Change of Zone ordinance.

It should be noted that Article XXII currently contemplates a third method for allowing development of individual projects within a Mixed Use District without an adopted Mixed Use Development Agreement. This method allows for the approval of a special use permit in lieu of the adoption of a Mixed Use Development Agreement. To date, this option has not been exercised for any existing Mixed Use District. Staff is proposing to eliminate this method because it conflicts with the purpose of creating a Mixed Use District.

Mixed Use Zoning is an important tool that supports the execution of the vision of the Comprehensive Plan by facilitating the City's promotion of integrated, quality, mixed use development within areas identified as mixed use within the future land use plan. The proposed amendments will increase transparency of process and thus further assure compliance with all state regulations.

AN ORDINANCE TO AMEND ARTICLE XXII (MU MIXED USE DISTRICT) OF CHAPTER 205 OF THE PAPIILLION MUNICIPAL CODE, HAVING TO DO WITH THE MU MIXED USE DISTRICT.

WHEREAS, the City Council of the City of Papillion has received a recommendation from the Papillion Planning Commission concerning the proposed changes and additions as set forth in this Ordinance.

BE IT ORDAINED by the Mayor and City Council of the City of Papillion, Nebraska, as follows:

Section 1. That Article XXII, MU Mixed Use District, of Chapter 205 Zoning be rescinded in its entirety and replaced to read as follows:

ARTICLE XXII. MU Mixed Use District

§ 205-121. Purpose.

JANUARY 30, 2019 AGENDA

**MIXED USE DISTRICT
ORDINANCE AMENDMENT
TC-19-0002**

I. GENERAL INFORMATION

A. APPLICANT:

City of Papillion

B. REQUESTED ACTION:

Approval of ORD #1831 to amend Chapter 205 (Zoning Ordinance), Article XXII having to do with MU Mixed Use District.

II. ANALYSIS

A. STAFF COMMENTS:

1. The intent of the ordinance amendment is to clarify the procedures for the creation of a Mixed Use District, the adoption of a Mixed Use Development Agreement, and the amendment of an existing Mixed Use Development Agreement.
2. The proposed ordinance amendment refines the procedures for the creation of a Mixed Use District and the adoption of a corresponding Mixed Use Development Agreement based on the two most common methods currently utilized in Papillion. Those two methods are:
 - a) Adoption of a Mixed Use Development Agreement in conjunction with adoption of the third reading of a Change of Zone ordinance.
 - i) Applicant submits a Change of Zone application and a Mixed Use Development Agreement application. The Mixed Use Development Agreement application must identify the permitted uses, site development regulators, and design criteria.
 - ii) Planning Commission holds a public hearing in which the body specifically considers the Change of Zone and the Mixed Use Development Agreement components (i.e. permitted uses, site development regulators, and design criteria).
 - iii) Planning Commission makes a recommendation to City Council on the Change of Zone application and the Mixed Use Development Agreement components (i.e. permitted uses, site development regulators, and design criteria).
 - iv) City Council hears the introduction of the Change of Zone ordinance.
 - v) City Council holds a public hearing in which the body specifically considers the Change of Zone ordinance and the

- Mixed Use Development Agreement components (i.e. permitted uses, site development regulators, and design criteria).
- vi) City Council votes on the Change of Zone ordinance in conjunction with the City Council vote on the resolution to adopt the Mixed Use Development Agreement.
- b)** Adoption of a Mixed Use Development Agreement at a later date such that the Mixed Use Development Agreement will not be considered with the third reading of a Change of Zone ordinance.
- i) Applicant submits a Change of Zone application. It is noted that the applicant intends to submit an application for the Mixed Use Development Agreement in the future after City Council approves the Change of Zone.
 - ii) Planning Commission holds a public hearing in which the body specifically considers the Change of Zone.
 - iii) Planning Commission makes a recommendation to City Council on the Change of Zone application.
 - iv) City Council hears the introduction of the Change of Zone ordinance. The Change of Zone ordinance indicates that the rezoning to MU does not go into effect until a Mixed Use Development Agreement is approved by City Council. (This effectively means that a Final Plat cannot be approved for an MU zoned lot until the Mixed Use Development Agreement is approved by City Council.)
 - v) City Council holds a public hearing in which the body specifically considers the Change of Zone ordinance.
 - vi) City Council votes on the Change of Zone ordinance.
 - vii) Applicant submits a Mixed Use Development Agreement application that identifies the permitted uses, site development regulators, and design criteria.
 - viii) Planning Commission holds a public hearing in which the body specifically considers the Mixed Use Development Agreement application and its components (i.e. permitted uses, site development regulators, and design criteria).
 - ix) Planning Commission makes a recommendation to City Council on the Mixed Use Development Agreement application and its components (i.e. permitted uses, site development regulators, and design criteria).
 - x) City Council holds a public hearing in which the body specifically considers the Mixed Use Development Agreement and votes on the adoption of said agreement.
- 3.** It should be noted that Article XXII currently contemplates a third method for allowing development of individual projects within a Mixed Use District without an adopted Mixed Use Development Agreement. This method allows for the approval of a special use permit in lieu of the adoption of a Mixed Use Development Agreement. To date, this option has not been exercised for any existing Mixed Use District. Staff is proposing to eliminate this method because it conflicts with the purpose of creating a Mixed Use District. Pursuant to § 205-121, a

Mixed Use District is intended to create integrated development. Allowing single lots within a Mixed Use District to develop through the issuance of a Special Use Permit defeats this intention. An encompassing Mixed Use Development Agreement that sets forth a cohesive vision for the site is a better tool to achieve integrated development.

4. As part of the update, the application submittal requirements for a Mixed Use Development Agreement are proposed to be revised to request the regulators that would typically appear within the site development regulations table for the typical base zoning districts that underlie Mixed Use zoning.
5. Currently, Article XXII identifies a detailed procedure for how minor amendments to a Mixed Use Development Agreement are to be adopted; however, a less detailed procedure is identified for a major amendment, which requires consideration at Planning Commission and City Council. Staff drafted a detailed procedure for major amendments that is consistent with current practice for how such amendments are processed by the Planning Department.
6. Pursuant to Neb Rev. Stat. § 19-904, public hearings at Planning Commission and City Council are required for the adoption of zoning regulations. Given that a Mixed Use Development Agreement is essentially zoning by contract in that it establishes the zoning regulation for a particular Mixed Use District, public hearings are required at Planning Commission and City Council prior to the adoption of said agreement. By practice, the City has endeavored to meet this requirement through the public hearings held as part of the consideration of a Change of Zone ordinance. Article XXII needs to be amended to acknowledge that a Mixed Use Development Agreement requires a public hearing process. Accordingly, the proposed ordinance amendment requires that public hearings be held at both Planning Commission and City Council for the consideration of a Mixed Use Development Agreement.
7. Presently, a separate application to request adoption of a Mixed Use Development Agreement is required if said agreement is not adopted in conjunction with a Change of Zone. As part of the update, a separate application will be required for all requests to adopt a Mixed Use Development Agreement including those agreements to be considered in conjunction with the third reading of the ordinance to create the Mixed Use District. The application form will include a checklist that identifies the submittal requirements identified within Article XXII. This will assist applicants with ensuring that they are making a complete submittal.
8. Strengthening the use of Mixed Use Districts as a tool will support the execution of the vision of the Comprehensive Plan in that it will further the City's promotion of integrated, quality mixed use development within areas identified as mixed use within the future land use plan.

9. A redlined version of the proposed changes is attached.

III. RECOMMENDATION

Staff recommends approval of ORD #1831 (TC-19-0002) based on:

1. Consistency with Neb Rev. Stat. § 19-904;
2. Consistency with current Planning Department practices; and
3. Consistency with the vision and goals of the Comprehensive Plan.

Mr. Carson asked for clarification of the location. Ms. Maben noted that 841 Tara Plaza is north of the Grecian Gyros restaurant that she also owns. With no further discussion, **Motion** was made by Mr. Carson, seconded by Mr. Wilson, to recommend approval of St. Martha's Episcopal Church Change of Zone (CZ-18-0013) because the existing land use is generally consistent with the proposed zoning, the proposed zoning district is generally compatible with the surrounding uses, and the proposed zoning district is consistent with the zoning of the Summerfield 2nd Addition lots to the south and the underlying zoning of the Settlers Creek Mixed Use District to the east, contingent upon the resolution of staff comments. Preliminary Plat – A Preliminary Plat for the property legally described as Tax Lot 20E, the N 10' of the E1/2 of Tax Lot 21, and Tax Lot 20C, Section 27, T14N, R12E of the 6th P.M., Sarpy County, NE, generally located at 830 S Madison St and 831 S Harrison St. The applicants are Ashley and Jacob Miller. Vice Chairman Robinson III opened the public hearing.

David Madden, 1601 Dodge Street, Suite 3700 (Omaha), stepped forward to represent the applicant. He noted that the applicant seeks to add the property in question to the current site for Sarpy County Power Park West. Mr. Madden explained that the applicant is also requesting an amendment to the Comprehensive Plan to allow for the realignment of S 150th Street around the subject property. He noted that there are significant safety and security advantages gained by the applicant by allowing the realignment of the road to create a contiguous campus for the Facebook data center.

Mr. Madden assured the Commission that the scope of the amendment to the Mixed Use Development Agreement would simply be to add the subject property and that the established site regulators would remain the same.

Vice Chairman Robinson III called for proponents and opponents.

Executive Director of Sarpy County Economic Development Corporation Andrew Rainbolt, 808 Conagra Drive, Suite 400 (Omaha), stepped forward to offer support for the project.

Kevin Zach, 12370 S 150th Street, stepped forward to offer support for the project. He noted that Facebook has been a good neighbor thus far. In addition, he anticipates that the use will be less intrusive than other possible uses for the site once fully constructed.

Jim Amerine, 15512 Capehart Road, stepped forward to express concerns about access to his farmland from the realigned S 150th Street.

T.J. Heinert, 15306 Capehart Road, stepped forward to express concerns regarding the proposed realignment of S 150th Street. He noted that the road being much closer to his property could be a detriment. He further stated that Facebook is also interested in land to the south of Capehart Road in Springfield's extraterritorial jurisdiction, and he suspects that the developer may also attempt to vacate Capehart Road.

Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Mr. Carson asked staff to address the public concerns regarding access to the newly realigned S 150th Street. Mr. Stursma noted that the developer and the City are still formulating solutions

regarding access for adjacent properties. He explained that the Subdivision Agreement Amendment would include language that allows streets or driveways to connect to the road. Mr. Stursma added that he is not sure whether the grades along the road will allow for farm access.

Project Engineer Eric Galley, 2111 S 67th Street, Suite 200 (Omaha), confirmed that language is being drafted to allow road and driveway access from the west. He added that he was unaware of any discussion regarding farm access.

Mr. Carson asked the development team to address Mr. Heinert's concerns. Mr. Madden explained that there would likely be a landscape buffer between the newly aligned road and Mr. Heinert's property to help mitigate the impact of the road being moved closer to his property. He reiterated that the Subdivision Agreement Amendment would contractually allow properties to the west to connect to the road once those properties develop or redevelop.

Mr. Carson asked whether the development team was confident that it could address the contingencies listed in the Planning Commission Staff Report. Mr. Madden answered in the affirmative.

With no further discussion, **Motion** was made by Mr. Carson, seconded by Ms. Sunde, to recommend approval of the Sarpy County Power Park West Addition Preliminary Plat (PP-18-0012) because it is generally consistent with the Comprehensive Plan should City Council approved the proposed Comprehensive Plan Amendment, compatible with adjacent uses, and compliant with Zoning and Subdivision Regulations, contingent upon the resolution of staff comments. Vice Chairman Robinson III called for proponents and opponents. Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Mr. Carson asked for clarification regarding the original scope of the Facebook project. Mr. Madden confirmed that Raven Northbrook, LLC purchased and platted the quarter sections on the northeast and northwest corners of HWY 50 and Capehart Road.

Mr. Carson inquired as to where the Springfield extraterritorial jurisdiction begins. Mr. Madden noted that the centerline of Capehart Road is the boundary at this location.

With no further discussion, **Motion** was made by Mr. Carson, seconded by Ms. Sunde, to recommend approval of the Sarpy County Power Park West Addition Change of Zone (CZ-18-0014) because it is generally consistent with the Comprehensive Plan should City Council approved the proposed Comprehensive Plan Amendment, compatible with adjacent uses, and compliant with Zoning and Subdivision Regulations, contingent upon the resolution of staff comments. Roll Call: Five yeas, no nays. Motion carried.

Comprehensive Plan Amendment – A Comprehensive Plan Amendment for the property legally described as Tax Lot 3A1A1, located in Section 2, T13N, R11E of the 6th P.M., Sarpy County, NE, generally located in the NW corner of 150th St & Capehart Rd. The applicant is Raven Northbrook, LLC. (Sarpy County Power Park West Addition) **CPA-19-0001**

Vice Chairman Robinson III opened the public hearing.

Vice Chairman Robinson III called for proponents and opponents.

T.J. Heinert, 15306 Capehart Road, stepped forward to express opposition to the proposed realignment of S 150th Street.

Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Ms. Sunde asked why a Comprehensive Plan Amendment was necessary for this project. Mr. Stursma explained that this proposal changes the anticipated road network by realigning a major roadway; therefore, the new alignment must be noted on the Future Land Use Map.

Mr. Carson noted that he did not believe that S 150th Street is a main through street because it ends at Schram Road and Fairview Road. He stated that S 156th Street would likely be the main through street in the future.

With no further discussion, **Motion** was made by Mr. Carson, seconded by Mr. Wilson, to recommend approval of the Sarpy County Power Park West Addition Comprehensive Plan Amendment (CPA-19-0001) because it is generally consistent with the Comprehensive Plan should City Council approved the proposed Comprehensive Plan Amendment, compatible with adjacent uses, and compliant with Zoning and Subdivision Regulations, contingent upon the resolution of staff comments. Roll Call: Five yeas, no nays. Motion carried.

Vice Chairman Robinson III called for proponents and opponents. Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Mr. Wilson asked whether the perimeter security fence would be shielded with landscaping. Project Engineer Eric Galley, 2111 S 67th Street, Suite 200 (Omaha), stated that the landscaping for this portion of the project is being designed but will have to abide by the regulators within the

Sarpy County Power Park West Mixed Use Development Agreement. He anticipated that the fencing would likely be wrought iron within streetscape buffers.

With no further discussion, **Motion** was made by Ms. Sunde, seconded by Mr. Wilson, to recommend approval of the Sarpy County Power Park West Addition Mixed Use Development Agreement Amendment (MISC-19-0002) because it is generally consistent with the Comprehensive Plan should City Council approved the proposed Comprehensive Plan Amendment, compatible with adjacent uses, and compliant with Zoning and Subdivision Regulations, contingent upon the resolution of staff comments. Roll Call: Five yeas, no nays. Motion carried.

Ordinance No. 1832 – Small Wireless Facility Amendment – An ordinance to amend Section 205-270 and Section 205-272 both of Article XXXVIII (Wireless Telecommunications Facilities) of Chapter 205 of the Papillion Municipal Code, having to do with Small Wireless Facilities and Small Wireless Facility Support Poles. The applicant is the City of Papillion. (Small Wireless Facility Amendment) **TC-19-0001**

Vice Chairman Robinson III opened the public hearing.

Planning Director Mark Stursma, 122 E 3rd Street, stepped forward to represent the applicant. He explained that this ordinance amendment is meant to bring the City's ordinance into compliance with new FCC regulations regarding the time limits allowed for the approval of permits for small wireless facilities. Mr. Stursma displayed examples of small wireless facilities and offered a brief overview of their form and function. He added that the current process to approve a new wireless facility requires a Special Use Permit, and that process is not timely enough to abide by the FCC guidelines.

Vice Chairman Robinson III called for proponents and opponents. Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Mr. Carson asked about the function of small wireless facilities. Mr. Stursma notes that small wireless facilities are meant to function similarly to a wireless telecommunications tower; however, small wireless facilities utilize a network of many small antennas placed close together.

Mr. Carson asked whether the City would be compensated by telecommunications companies for the use of public right-of-way. Mr. Stursma noted that there is an opportunity for franchise agreements for the use of public right-of-way; however, the FCC places limits on how much a municipality may charge. He noted that the new regulations are an industry wide effort to make the implementation of small wireless facilities a simpler process.

Mr. Carson asked who owns the light poles where small wireless facilities may be placed. Mr. Stursma noted that OPPD owns the light poles, but the City owns the right-of-way. He added that the City currently leases antenna space on its water towers to telecommunications companies.

Mr. Carson asked whether these changes in process would speed up the approval process for small wireless facilities. Mr. Stursma explained that this change would require approval for a small wireless facility on an existing pole within 60 days of application, and approval for a new pole within 90 days of application. He noted that this is similar to the process for other types of utilities located in the public right-of-way.

Mr. Carson asked whether the City has received any applications for small wireless facilities. Assistant Planning Director Travis Gibbons explained that the City had not yet received any such application; however, he anticipates that they will soon be arriving.

Assistant City Attorney Amber Rupiper added that the fees collected for franchise agreements to occupy public right-of-way are not a revenue source, but instead are meant to cover the cost of staff time and other City resources utilized in the installation of such facilities. She added that regulatory access also encourages companies to utilize public right-of-way appropriately.

Ms. Sunde asked whether the installation of small wireless facilities would help bring 5G to the area. Mr. Gibbons responded in the affirmative.

With no further discussion, **Motion** was made by Ms. Sotak, seconded by Mr. Wilson to recommend approval of Ordinance No. 1832 – Small Wireless Facility Amendment (TC-19-0001). Roll Call: Five yeas, no nays. Motion carried.

Ordinance No. 1831 – Mixed Use District Amendment – An ordinance to amend Article XXII (MU Mixed Use District) of Chapter 205 of the Papillion Municipal Code having to do with Mixed Use District. The applicant is the City of Papillion. (Mixed Use District Amendment) **TC-19-0002** Vice Chairman Robinson III opened the public hearing.

Planning Director Mark Stursma, 122 E 3rd Street, stepped forward to represent the applicant. He explained that this amendment is meant to bring the zoning regulations in compliance with Neb. Rev. Stat. § 19-904 and current Planning Department practices. He explained that Neb. Rev. Stat. § 19-904 requires public hearings for changes to regulations, and Mixed Use Agreements and amendments thereto affect site regulators. He noted that the current ordinance is not wrong in not requiring a public hearing; however, holding a public hearing for Mixed Use Agreements is best practice and adds confidence to the process.

Vice Chairman Robinson III called for proponents and opponents. Seeing no further public input, Vice Chairman Robinson III closed the public hearing and called for Commission Discussion.

Mr. Wilson asked how this change would affect developers. Mr. Stursma explained that this new process does not affect the timeline for approvals; however, it may require that additional information be provided up front. Ms. Rupiper reiterated that this process should provide developers more confidence in the legality and defensibility of the process.

Ms. Sunde asked whether this amendment was intended to come into compliance with state law. Mr. Stursma noted that the intention is to codify best practices that comply with state law.

With no further discussion, **Motion** was made by Mr. Carson, seconded by Ms. Sunde to recommend approval of Ordinance No. 1831 – Mixed Use District Amendment (TC-19-0002) because it is consistent with Neb. Rev. Stat. § 19-904, consistent with current Planning Department practices, and consistent with the vision and goals of the Comprehensive Plan. Roll Call: Five yeas, no nays. Motion carried.

OTHER BUSINESS

Mr. Stursma discussed the upcoming NPZA annual conference and the Comprehensive Plan update.

With no further business to come before the Commission, **Motion** was made by Ms. Sunde, seconded by Mr. Carson, to adjourn. The meeting adjourned by unanimous consent at 8:19 PM.
