

The Libby Library

Placing a Hold

1. Once you have found a book to place on hold, you should see a “Place Hold” to the right of the cover [where “Borrow” would be if the item is available] and a little calendar right of the title.
2. If you click on the little calendar, it should show you information about the hold, including how many copies Nebraska Overdrive Libraries has, how many people have the item on hold, and how many people are waiting per hold. It should also give you a rough estimate of how long your hold should take to reach you.
3. Select the “Place Hold” button.

4. A new window will open that prominently shows “Place Hold”. If you change your mind, you have the option to return to the [Search Results](#).

Below the “Place Hold” button, it should give you the estimate of how long the hold will take. If you have multiple cards, you can choose which card to place the hold under.

The screenshot shows a mobile interface for placing a hold on the book 'Dog Man: Brawl of the Wild'. At the top left, there is a back arrow and the text 'Search Results'. The main heading reads 'You are placing a hold on Brawl of the Wild.' Below this is the book cover. A 'Linked Card' section displays 'LOANS 1 of 6' and 'HOLDS 0 of 3' with a progress bar. Below the card is an 'ACTIVATE' button. A large red bracket highlights the 'Place Hold!' button. At the bottom, a green-bordered box contains the text: 'About 4 weeks wait at Nebraska OverDrive ... 1 copy in use. 1 person waiting.' with a refresh icon.

The screenshot shows a confirmation page with the heading 'You have placed a hold on Brawl of the Wild.' Below the heading is the book cover. At the bottom, there are four underlined buttons: 'Read Sample', 'Suspend Hold', 'Keep Browsing', and 'Go To Shelf'.

5. Once you select the “Place Hold” and the hold has processed you will get a confirmation page that will give you options on what to do next: “Read A Sample”, “Suspend Hold” (if you want to delay when you receive the hold), “Keep Browsing”, or “Go To Shelf”.
